

## THE NATIONAL POSTGRADUATE SCHOLARSHIP PROGRAMME

### ACADEMIC YEAR 2018/19

The National Postgraduate Scholarship Programme was established to enable Omani scholarship recipients to pursue specific programmes that are in the national interest at well-reputed universities abroad. To be eligible for consideration for a National Postgraduate scholarship, applicants must have received an **unconditional** offer of place that will enable the candidate to gain *direct* entry onto an eligible Master’s or Doctoral (PhD) programme at one of the approved universities for the academic year 2018/19.

The approved universities are selected by the Oman Ministry of Higher Education (MoHE) from the Shanghai Academic Ranking of World Universities (ARWU) 2017. The lists of eligible programmes and approved universities are available on the Higher Education Admission Center ([www.heac.gov.om](http://www.heac.gov.om)) website. To apply to the National Postgraduate Scholarship programme, Omani nationals must complete and submit an online application using the Higher Education Admissions Center (HEAC) electronic system. The National Postgraduate Scholarship Programme requires that candidates apply by the relevant deadline. The scholarship application timeline for the academic year 2018/19 is as follows:

THE NATIONAL POSTGRADUATE SCHOLARSHIP APPLICATION TIMELINE			
STAGE	START DATE	DEADLINE	REMARKS
<b>Registration Period</b>	15/12/17	01/03/18	Applications (with all supporting documents) will close on the 1st March 2017 at 2pm in the afternoon (14.00hrs Oman time). Applications submitted to the Ministry after this date will NOT be accepted
<b>Notification of Scholarship Results</b>	1/05/2018		Successful applicants are notified
<b>Scholarship Appeal</b>	02/05/18	12/05/18	Unsuccessful applicants can submit an online appeal before the 12th of May 2018 at 2pm (14.00hrs Oman time).
<b>Scholarship Appeal Decisions</b>	12/06/18		Appeal decisions will be announced on the 12 <sup>th</sup> of June, 2017 – these decisions are made by a committee and shall be regarded as final and irrevocable

All scholarship applications are screened by a MoHE Scholarship Selection Committee, except for the Medical scholarship applications, which are screened by the Oman Medical Board. There are specific procedures for applying for a National Postgraduate Scholarship. Prospective applicants should make sure they are very clear on the current scholarship eligibility requirements and the required supporting documents they will need to submit along with their application. Before making an online scholarship application, candidates should therefore read carefully and thoroughly the information about eligibility and required documents – the full announcement is available on the following website:

<https://www.mohe.gov.om/InnerPage.aspx?id=98668a38-4e7d-4dc4-bd8f-d828b1df7fbf>

Applicants are encouraged to visit the Ministry of Higher Education ([www.mohe.gov.om](http://www.mohe.gov.om)) and Higher Education Admission Center ([www.heac.gov.om](http://www.heac.gov.om)) websites for more information. Applicants should make complete applications by the relevant deadline for the application to be considered valid. Incomplete applications will **not** be processed and are excluded from the selection process.

For more information about the scholarship application procedures, please contact the Ministry of Higher Education's call center (+968 243 40 900) on weekdays (Sun-Thursday) between 8am-2pm.

## MEDICAL SPECIALITIES AND ALLIED HEALTH SCIENCES: SCHOLARSHIP ELIGIBILITY REQUIREMENTS

### A MEDICAL OR HEALTH SCIENCE SCHOLARSHIP APPLICANT:

1. must be an Omani national;
2. must be 45 years of age or younger at the time of their application;
3. who have completed Bachelor's/Master's degree programme at (an) previously attended and accredited overseas Higher Education Institution(s), have to submit a Certificate of Equivalency from the Department for Equivalency & Recognition, Ministry of Higher Education (MoHE) with their online scholarship application. Applicants must take into account the estimated time required to obtain the Certificate of Equivalency as they have to apply for it online via the MoHE website;
4. who holds a Bachelor's and/or Master's degree awarded by (a) private Higher Education Institution *in* the Sultanate, must submit copies of the degree certificate(s) and transcripts certified and supplemented/attested by the Directorate-General of Private Universities and Colleges, MoHE;
5. must already work as a professional in the healthcare field at one of the Government health institutions in the Sultanate. Those who want to apply for a scholarship in one of the Allied Health Sciences, must already work at one of the 'referral' hospitals or health institutions in the Sultanate
6. who is the recipient of a postgraduate scholarship or any other type of grant *at the time of their application* will be disqualified as a candidate;
7. should submit a scanned copy of a formal letter (signed and stamped and on official University letterhead) confirming an unconditional offer of place for the academic year 2018/19 and in one of the eligible programmes as advertised on the HEAC website. English should preferably be the medium of instruction for the programme because the scholarship will not cover any pre-sessional language course;
8. must upload a No-Objection Letter with their application signed by the most senior person (=the person of the highest rank) in the organisation where they are employed at the time of their application;

### **SCHOLARSHIP SELECTION PROCESS AND TIE-BREAKERS**

A scholarship selection committee will thoroughly review each scholarship application to ensure the scholarship eligibility criteria have been met, while for each programme the Ministry of Higher

Education may receive more applications than there are places – therefore, not every qualified applicant may receive a scholarship.

If the number of applicants for a particular scholarship programme should exceed the limited number of seats allocated to this programme, the Scholarship Selection Committee will evaluate applications on all four following Scholarship criteria\* in order to identify the most outstanding candidates. In this case, a weight is assigned to each of the following components:

1. The overall position (=ranking) of the University (that made the unconditional offer) in the Shanghai Academic Ranking of World Universities 2017 League Table: **50%**
2. The overall ranking of the previously attended higher education institution (where the *last* Higher Education-level degree was achieved): **15%**
3. The cumulative grade point average for the *last* Higher Education-level degree: **20%**
4. Previous work experience related to the chosen area of study: **15%**

\*The Ministry of Higher Education continuously strives to further improve the scholarship application procedures and reserves the right to periodically review the eligibility criteria of its scholarship programmes and to adjust these requirements should this be deemed necessary to facilitate flexibility and promote equality of opportunity for all applicants.

## OTHER ESSENTIAL SCHOLARSHIP GUIDELINES & REGULATIONS

Applicants employed by a Governmental or Semi-Governmental organisation at the time of their scholarship application must submit a No-Objection Letter from their organisation. This letter must be signed by the person of the highest rank in the organisation (e.g. the Minister, Chief Executive Officer)

Any scholarship holder whose scholarship will be terminated by the Scholarship Management Committee for any of the following reasons must repay the funds for that part of the scholarship that has already been paid. A scholarship shall be terminated prematurely if the scholarship recipient:

- fails (to continue) to meet the criteria and/or is found in contravention of the regulations as outlined in this document;
  - made (a) defamatory statement(s) that negatively affect(s) the reputation of his/her home country (and its society, culture, and/or Government);
  - not timely accepted the scholarship offer and/or failed to complete the administrative steps necessary to confirm his/her scholarship by the relevant deadline.
  - failed to make satisfactory academic progress or is not able to complete the degree within the normal standard duration of the programme;
  - transferred to another programme, university and/or study destination without the prior consent from the scholarship management committee;
  - The scholarship management committee reserves the right to terminate the scholarship at any time for any (other) reason(s) deemed legitimate.
2. While applying to the Higher Education Admissions Center (HEAC) electronic system, please bear in mind that all documents must be uploaded to the right folder and in PDF-format only and each document cannot exceed 512KB in size. The Ministry of Higher Education is NOT obliged to inform applicants whether the application is complete and will **not** contact applicants for missing documents or about whether the documents were uploaded in the right format;
  3. Applicants cannot apply for more than one scholarship programme at any one time and such applications will be excluded from the selection process;
  4. Applicants should take into account the estimated time required for gathering the supporting documents, e.g. in view of equivalency and authentication procedures;

5. Candidates must complete their degree programme within the normal standard period stipulated (=normal) duration of their degree programme as stated in the Letter of Acceptance issued by the University. Candidates must start and complete their degree programme on the dates indicated in the letter of acceptance issued by the University. The Ministry of Higher Education will normally **not** accept requests for deferral of enrollment to a later term/following academic year. A request for a deferral of enrollment (or suspension) may *only* be justified – and this will be subject to approval - if due to exceptional, mitigating and unforeseen circumstances which are deemed to be outside of the control of the candidate and which prevent the candidate from starting with the programme on the date mentioned in the letter of acceptance. The request for deferral must be supported by appropriate evidence of the student's circumstances. Students must be aware that submission of a request for deferral is not in itself a guarantee that the request will be granted;
6. The Ministry of Higher Education will **not** accept requests for extension of the duration of the scholarship and will not grant requests for transfers to another programme and/or university or destination;
7. The Ministry of Higher Education reserves the right to exclude applicants/candidates from the selection procedures *at any time* if the applicant is found in contravention of any of the scholarship terms and conditions as outlined in this announcement;
8. Applicants need to make sure they provide all the right supporting documents and the information in their entire application should be true and correct;
9. Applicants should timely submit an official letter of acceptance confirming an **unconditional** offer from one of the Universities *approved* by the Ministry of Higher Education for the National Postgraduate Scholarship Programme. All the approved Universities are selected from and ranked in the Shanghai Academic Ranking of World Universities (ARWU) 2017 ;
10. Applicants should submit an unconditional letter of acceptance stating the start and end date of the programme (total duration of the degree programme);
11. If the normal standard duration of the postgraduate scholarship programme (and this applies only to Doctoral degree and Medical Specialties) *is at least three years or more (academic) years*, additional financial support will be provided for a spouse of the scholarship recipient and maximum three children who want to travel and/or live with the

scholarship recipient abroad. Family members must be living with the candidate for the whole duration of the programme. The financial support will include the following:

- 25% of the monthly allowance paid to the recipient (this is the total sum for *all* accompanying family members and NOT per head);
- visa fees;
- one annual return ticket (study destination – Sultanate) for each family member (maximum 4)

12. Applicants who have previously received a Postgraduate National scholarship but whose scholarship was terminated will be *disqualified* as an applicant for the 2018/19 National Postgraduate Scholarship Programme;

13. Applicants have to upload an unconditional offer letter for the academic year 2018/19;

14. Applicants must bear in mind that any scholarship funding granted will NOT apply to any part of the degree programme undertaken prior to the start of the scholarship.

**IMPORTANT NOTE:** Acceptance of an online application does not guarantee that the applicant will be competitively awarded a scholarship. Everyone who has submitted an online application via the Higher Education Admissions Center electronic system by the relevant deadline on the 1<sup>st</sup> of March 2018, will still have to go through a competitive and multiple-stage process. Scholarship recipients will be notified by text message and Ministry reserves the right to exclude the candidate from the selection procedures if found in contravention of the rules and regulations for this scholarship. Applicants who previously studied abroad have to submit the Letter of Equivalency. Applicants can complete their online application via the Higher Education Admissions Center (HEAC) electronic system, by using the following link:

<https://apps.heac.gov.om/PGStudent/faces/PGStudentRegistration.jspx>

The Ministry of Higher Education wishes all applicants the best of luck with their application.
