## THE COUNTRY – A FEW INTERESTING FACTS

- AUSTRALIA is the country that gave the world discoveries and innovations such as penicillin, IVF, ultrasound, Wi-Fi, the bionic ear, cervical cancer vaccine and black box flight recorders.
- The country, which has given the world 15 Nobel Laureates, is the popular choice and has the third highest number of international students in the world, who are all studying at well-reputed universities.
- Australia is multi-cultural and you will have no trouble finding prayer rooms or halal food.

# نيوزلند NEW ZEALAND

## THE COUNTRY – A FEW INTERESTING FACTS

- New Zealand was ranked in the top 3 countries in the world in 2018 for delivering a future-focused education by the Economist Intelligence Unit.
- New Zealand is one of the world's most multicultural nations, home to more than 200 ethnicities and 160 languages. Every year more than 120,000 international students come to New Zealand. We've heard that they even have shops stitching and selling abayas, so no need to worry about things like finding clothing or halal food.
- Outside of class, students can enjoy a range of activities and settings, from majestic mountains and pristine lakes, to modern and vibrant cities with great restaurants, live music, art galleries and more.
- English is predominantly spoken here, but Maori is also one of the official languages. Say Kia Ora [Hello in Maori] in New Zealand.
- Interestingly, New Zealand is the first country to have declared sign language [for deaf people] as an official language in 2006.
